

01 SMALL TALK

How do you usually practice English — on your phone, or with people?

What's one app you open almost every day?

Do you enjoy learning new things, or does it stress you out a little?

02 POP QUIZ — DOES THIS SOUND NATURAL?

1 ~~"AI is developing very fast."~~

✓ "AI is evolving really fast."

회화에선 'very'보다 'really/so'가 자연스럽고, 기술엔 'develop'보다 'evolve/advance'를 더 써요.

2 ~~"AI is very convenient for work."~~

✓ "AI is really helpful for work."

한국인이 'convenient'를 과하게 써요. 도구가 일을 도와줄 땐 'helpful'이나 'makes work easier'가 자연스러워요.

3 ~~"I used AI to make my report."~~

✓ "I used AI to write my report."

리포트는 'make'가 아니라 'write/do'로 써요. 'make a report'는 콩글리시예요.

03 오늘의 워업

앞은 자리에서 손가락으로 A(1) 또는 B(2) 표시. 한 라운드마다 한 명 짧게 이유 한 문장. 5분 안에 끝.

WARM-UP

This or That · 빠른 5라운드

1

Practice with AI every day VS Meet a tutor once a week

2

Instant pronunciation fix VS Nuance and tone feedback

3

Cheap and unlimited reps VS Expensive but human

4

Talk to a robot with no shame VS Feel nervous but learn faster

5

AI-graded fluency score VS Tutor's honest opinion

AI · MAIN DISCUSSION

AI Feedback vs. Native Tutor — Practice Often or Get Human Nuance?

BACKGROUND

AI 스피킹 피드백과 원어민 튜터 피드백은 장점이 달라요. AI는 자주, 부담 없이, 저렴하게 연습할 수 있고 발음이나 문장 오류를 빠르게 잡아줘요. 원어민 튜터는 한 번이라도 맥락, 뉘앙스, 자연스러운 표현, 대화 분위기를 더 섬세하게 봐줄 수 있죠. 한 달 예산이 정해져 있다면, 결국 '자주 연습하는 힘'과 '사람에게 직접 교정받는 힘' 중 무엇이 더 필요한지 선택하게 돼요.

READ BEFORE WE TALK

AI feedback and native-speaker feedback solve different problems. AI is available often, costs less, and can quickly point out pronunciation, grammar, or better word choices. That makes it great for daily practice. A native tutor may meet less often, but can catch the things that matter in real conversation: tone, politeness, humor, and whether a phrase sounds natural in the moment. If your budget is limited, the choice becomes practical. Do you need more chances to speak, or do you need sharper human feedback? The best answer may depend on your level, your goals, and how easily you keep a routine.

WORDS YOU MIGHT NEED

quality over quantity — 양보다 질

a reality check — 현실 점검

spot on — 딱 맞는, 정확한

keep up with — (속도를) 따라가다

ride the wave — 흐름에 올라타다

draw the line — 선을 긋다

TRY THESE PHRASES

I'd go with ___ because ___.

It really comes down to whether ___ or ___.

What helps me the most is ___, since ___.

Out of the three, ___ matters more to me because ___.

EASY ENTRY

- 1 Are you more of an 'app on my phone' or a 'real person across the table' English learner?
- 2 When was the last time you practiced English with an app or AI? What did you do?
- 3 On a scale of 1 to 5, how often do you record yourself or check your own English pronunciation?
- 4 What's your usual move when an app or AI tells you your English is wrong?

MAIN DISCUSSION

Q1. With a limited budget for one month, would you choose daily AI practice or a few native tutor sessions? Why?

↳ I'd go with ___ because ___.

↳ It really comes down to whether ___ or ___.

Q2. What kind of feedback helps you most — fixing mistakes, sounding natural, or feeling confident?

↳ What helps me the most is ___, since ___.

↳ Out of the three, ___ matters more to me because ___.

Q3. When does a human teacher matter more than an AI? Give a real situation from your life.

↳ In my case, a human teacher matters when ___.

↳ There was one time when ___, and that's when ___.

Q4. Does practicing a lot matter more than getting perfect corrections? What has worked for you?

↳ I lean more toward ___ because ___.

↳ What worked for me was ___ rather than ___.

Q5. What is one English problem you wish a real person would notice about you?

↳ The one thing I wish someone would notice is ___.

↳ Honestly, I struggle with ___, but ___.
