

01 SMALL TALK

Do you send memes to your group chats?
Yes, no, or sometimes?

When you find something funny online,
do you share it fast or wait a bit?

What do you do when you get a meme
you don't understand?

02 POP QUIZ — DOES THIS SOUND NATURAL?

① ~~"I uploaded a picture in Instagram."~~

✓ "I posted a picture on Instagram."

플랫폼 위에는 in이 아니라 on을 써요. 그리고 upload보다 post가 훨씬 자연스러워요.

② ~~"The video got many views so it is a big issue."~~

✓ "The video got a lot of views, so it went viral."

many views보다 a lot of views가 자연스럽고, '화제됨'은 big issue가 아니라 go viral이에요.

③ ~~"I am addicted to my phone too much."~~

✓ "I'm way too addicted to my phone."

addicted에 이미 '심하다'는 뜻이 있어서 too much는 굳더더기예요. 강조는 way too를 써요.

Meme Sharing Rules — First Mover or Safe Late Sender?

BACKGROUND

میم을 단독방에 보낼 때, 빨리 보내야 웃긴지 다 같이 알 때 보내야 안전한지 고민될 때가 있어요. 유행 초반에는 반응이 뜨거울 수 있지만 모르는 사람이 많으면 설명이 필요해지고, 너무 늦게 보내면 이미 지난 느낌이 날 수 있죠. 밈은 내용보다 타이밍과 방 분위기가 중요해요. 같은 짤도 친한 친구방에서는 웃기고, 애매한 모임방에서는 민망할 수 있어요.

READ BEFORE WE TALK

Sharing memes is a small social skill, because timing changes everything. Sending a meme early can make you look quick and funny, but only if the group gets it. Sending it later is safer, because more people know the joke, but it may already feel old. The group matters too. A close friend chat can handle weird humor, but a mixed chat may need something easier and safe. So the question is not only "Is this meme funny?" It is also "Will the people in this chat share the same timing and mood?" Online humor gets old fast, so too early can feel strange, the right moment can feel great, and too late can make you look out of touch.
