

01 SMALL TALK

In a normal day, do you open KakaoTalk or Instagram more?

How many group chats are you in right now?

Do you ever reply to your friends' Instagram stories?

02 POP QUIZ — DOES THIS SOUND NATURAL?

1 ~~"We are very close friend."~~

✓ "We're really close."

주어가 복수(we)면 friend도 복수 friends, 아니면 close만 형용사로 써요.

2 ~~"I cannot contact to her."~~

✓ "I can't reach her."

contact는 to 없이 바로 목적어, 회화에선 reach가 더 자연스러워요.

3 ~~"We promised to meet next week."~~

✓ "We made plans to meet up next week."

친구끼리 가벼운 약속은 promise보다 make plans / meet up이 자연스러워요.

03 오늘의 워업

각자 1-4위로 순위 매기고 1위만 말하기. 다른 사람 의견 들으며 자기 순위 한 번 더 정리. (For telling friends about a meet-up, rank these from best to worst.)

WARM-UP

Rank Them (5분)

1. Instagram group DM (photos, memes, story replies)
2. KakaoTalk group chat (fast read, clear notice)
3. A group voice call or quick meeting
4. Texting everyone one by one

Instagram Group DMs — More Natural Than KakaoTalk?

🇰🇷 BACKGROUND

친구 모임 공지를 카톡방에 할지, 인스타 단체 DM에 할지는 단순한 앱 취향처럼 보이지만 분위기가 꽤 달라요. 카톡은 확인이 빠르고 공지 느낌이 강해서 약속을 정리하기 좋아요. 반면 인스타 DM은 스토리 답장이나 찰, 사진이 자연스럽게 이어져서 더 가볍고 친한 느낌을 줄 수 있어요. 문제는 편한 분위기과 정확한 전달 사이의 균형이에요. 누군가 공지를 놓치면 감성보다 실용성이 먼저 떠오르죠.

📖 READ BEFORE WE TALK

Group chats now feel different depending on the app. KakaoTalk can feel more official: useful for plans, times, money, and messages people should not miss. Instagram group DMs often feel lighter because they grow out of stories, memes, photos, and quick reactions. That makes them feel closer for some friend groups, but less reliable for clear information. The app can change the tone of the relationship. A group can feel organized but stiff, or natural but messy. The real question is what the group needs most: clear planning, casual closeness, or a space where both can happen without people missing important details. Also, friendship as an adult often runs on quiet standards: reply speed, effort, money, showing up, and honesty. As jobs and schedules change, the same friendship can start to need a different kind of care.
