02 POP QUIZ — DOES THIS SOUND NATURAL?

expensive는 물건·서비스에 써요. price는 high/low로 표현해요.

- ② ~~"I want to save my money for future."~~
✓ "I want to save up for the future."

보통 my는 빼고, future 앞엔 the가 필요해요. save up도 자주 써요.

spend money on + 명사/-ing가 고정 패턴이에요. to는 안 돼요.

Minimum-Spend Gifts — Cute Event or Forced Purchase?

BACKGROUND

사은품을 받으려고 최소 금액을 채우는 소비는 작지만 흔한 고민이에요. 원래 살 물건이 있었다면 기분 좋은 보너스가 되지만, 굿즈가 귀여워서 필요 없는 물건을 더 담게 되면 이벤트가 소비를 이끄는 상황이 돼요. 특히 한정 키링이나 콜라보 사은품처럼 지금만 받을 수 있는 물건은 장바구니 기준을 쉽게 흔들어요. 결국 사은품이 정말 필요한지보다, 내가 사려던 물건이 원래 있었는지가 중요해요.

READ BEFORE WE TALK

Minimum-spend gifts make shopping feel fun, but they can also change the reason for buying. If you already needed the items, the gift feels like a nice bonus. If you add things only to reach the amount, the event has taken control of your cart. Cute keyrings, limited packaging, and collaborations work very well because they make you feel rushed. The extra spending may not be big, but the habit matters. A gift is not really free if it makes you buy things you did not want. A useful question is this: would the purchase still make sense without the event? Smart shopping is not only about the lowest price. Delivery speed, return rules, brand trust, design, and reviews all matter too. Two people can buy the same item for completely different reasons.
