

01 SMALL TALK

When you have a free minute, do you open Instagram or X first?

When was the last time you saw a food or cafe online and wanted to try it?

Do you usually hear about new things from apps, or from your friends?

02 POP QUIZ — DOES THIS SOUND NATURAL?

1 ~~"The video got many views so it is a big issue."~~

✓ "The video got a ton of views, so it went viral."

영어에서 'a big issue'는 심각한 문제라는 뜻이라 화제가 됐다는 의미엔 안 맞아요. 입소문·화제는 'went viral'을 써요.

2 ~~"I uploaded a picture in Instagram."~~

✓ "I posted a picture on Instagram."

SNS엔 'upload'보다 'post'를 쓰고, 플랫폼 위에 올리는 거라 'in'이 아니라 'on Instagram'이에요.

3 ~~"I am addicted to my phone too much."~~

✓ "I'm way too addicted to my phone."

'addicted'에 이미 과하다는 뜻이 들어 있어 'too much'는 굳더더기예요. 강조하려면 앞에 'way too'를 붙여요.

Instagram vs. X Trends — Which Feels More Real?

BACKGROUND

인스타그램에서 보는 유행과 X에서 보는 유행은 속도와 분위기가 다르게 느껴질 수 있어요. 인스타그램은 핫플, 패션, 음식처럼 눈에 보이는 트렌드가 강하고, X는 밈이나 말투, 이슈 반응이 빨리 퍼지는 느낌이 있죠. 같은 시대를 살아도 어떤 플랫폼을 자주 보느냐에 따라 '요즘'의 감각이 달라져요. 그래서 친구끼리도 서로 다른 유행 세계에 사는 것처럼 느껴질 때가 있어요.

READ BEFORE WE TALK

Instagram and X can make trends feel completely different. Instagram often turns trends into places, outfits, food, and images. X can make jokes, opinions, and reactions move very fast before they become polished. Because of that, two people may both be online every day and still feel that they live in different trend worlds. One person knows the newest cafe before it gets crowded. Another person knows the phrase everyone is about to repeat. So the question is simple: which one feels more real to you — the trend you can visit, buy, and photograph, or the one that changes how people joke and talk? Online choices can also feel small, but they carry meaning. Following, muting, replying, or staying silent can all become signals of closeness or distance.
