Brands on Coupang — Easier Access or Losing the Vibe?

🇰🇷 BACKGROUND

좋아하던 브랜드가 쿠팡처럼 큰 플랫폼에 들어오면 반갑기도 하고 애매하기도 해요. 편하게 살 수 있고 배송도 빨라지면 소비자 입장에서는 분명 장점이 있어요. 하지만 예전에는 일부러 찾아가야 해서 특별했던 브랜드라면, 접근성이 좋아지는 순간 감도나 희소성이 줄어드는 것처럼 느껴질 수도 있죠. 브랜드가 더 넓어지는 게 성장인지, 분위기가 흐려지는 일인지는 내가 그 브랜드에서 무엇을 좋아했는지에 따라 달라져요.

📖 READ BEFORE WE TALK

When a brand you love enters a huge platform like Coupang, the feeling can be mixed. Easier access is convenient: faster delivery, simpler returns, and less effort to buy something you already like. But if the brand once felt special because it was hard to find, easy access can change the mood. Some people see it as growth. Others feel the brand loses part of its charm when it becomes too easy to buy. This is not only about shopping. It is about whether a brand's charm comes from the product itself, the story around it, or the feeling of finding it before everyone else. In Korea, small spending is easy to miss because we pay through cards, apps, and delivery platforms. A few thousand won may feel small, but daily habits can become a big monthly pattern.
